EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In line 7 of claim 29 "nonconincident" has been changed to - - noncoincident - -.

REASONS FOR ALLOWANCE

Claims 12-31 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art shows or renders obvious a magnetorheological clutch including the at least one magnet coil arranged in front of or behind the lamellae in the axial direction which loops around a first U-shaped yoke having two end faces adjacent to and parallel to the lamellae in combination with the remainder of the structure as specified in claim 12. Claims 13-22 each depend either directly or indirectly from claim 12.

None of the prior art shows or renders obvious a magnetorheological clutch having a magnetic field generated in the clutch cavity, wherein the magnetic field has a first polarity in a first direction and a second polarity in a second direction that is different in direction than the first polarity as specified in claim 23. Claims 24-28 each depend either directly or indirectly from claim 23.

Art Unit: 3681

None of the prior art shows or renders obvious a magnetorheological clutch having at least one coil assembly disposed radially inboard of an outer diameter of a clutch cavity and including a magnet coil having a center axis noncoincident to an axis of rotation of primary and secondary rotatable members as specified in claim 29. Claims 30 and 31 each depend directly from claim 29.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

The information disclosure statement filed April 6, 2007 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. No copy of the document GB 752,611 is present in the file, and accordingly this document has not been considered. See MPEP § 1893.03(g). The two cited U.S. patents have been considered as indicated by the attached form PTO-1449.

Drawings

The replacement drawings received on April 6, 2007 are acceptable.
